

# SUPERHEAT™

SMART GEN

## EQUIPMENT HIGHLIGHT

**Superheat SmartGen™** brings power to your heat treatment work site in the form of a self-sustaining diesel-generating unit.

- Compact, high-capacity, and quiet design provides a small footprint in tight operating areas
- Entire unit is operated remotely from startup to shutdown from the **Superheat SmartCenter™**
- Offers various built-in safety features
- The only **approved** heat treatment system engineered safe for all environments (Certified to UL # 508A/CSA # C22 No.14-10 Standards)

**Superheat SmartGen™** offers a wide range of models to handle various capacity needs:

Generator Model	Capacity	
GR6	6 Control Zones	12 Thermocouple Inputs
GR12	12 Control Zones	24 Thermocouple Inputs
GR18	18 Control Zones	36 Thermocouple Inputs
GR24	24 Control Zones	48 Thermocouple Inputs

**BETTER SAFER FASTER™**  
ADVANCING HEAT TREATMENT™
